INFORMATION FOR APPLICANTS			
19.	Brief Description of Assignment	<p>Introducing the 'Free ID' an Freelancer Identity Management System (FIMS) for the freelancers and online workers of Bangladesh is a web-based system and mobile apps (android & IOS) for kept all information of freelancers & online workers related based on Unique ID Card. FIMS records and processes information provided by freelancers & online workers get a valid identity as a like Unique ID Card in the whole country. The overall objective of this FIMS is to increase transparency, strengthen accountability, facilitate coordination and allow for more efficient freelancers & online workers identity management. This will help freelancers to get credit cards and loans from bank. Also, in various situations people are often required to show evidence of their income or profession. For example, when you are trying to rent a house or applying for a visa. This ID will help freelancer's identity. Having this kind of ID will also help to bring entire freelancers' community under one roof. FIMS is a publicly-accessible web platform which is a part of the Government of Bangladesh's transparency initiative. Anybody can view the information of FIMS flow in Bangladesh. For update and data flow information only, the authorized user can update through web portal. Thus, making FIMS as information hub for all stakeholders to gather information making Government strengthen and transparent to all.</p>
